

## **Study Tips & Spaces**

### **Preparation for Session:**

Peer Mentor:

- If meeting in person, print out copies of the "[Evaluate Your Study Places](#)" tool for each team member

### **Purpose/Focus:**

- Study tips and techniques
- Study spaces

### **Suggested Agenda:**

1. Check-in with students (estimated time: 10-15 minutes)
  - Follow-up with students about any concerns/issues that were raised during the last mentoring session
  - Ask students how they are doing and if there are any issues/concerns that they would like to discuss
  - Suggested icebreaker: What superpower do you wish you had, and why?
2. Suggested topic to discuss (remainder of session time)
  - Study tips and techniques – Mentors offer study tips and techniques for students. Be sure to give space for students to share concerns and/or ask you questions about preparing for midterms or final exams.
  - Study spaces – Mentors talk about favorite places to study. Allow time for students to discuss current study locations and self-evaluate effectiveness using the "[Evaluate Your Study Places](#)" tool from the [Academic Success Center](#). Talk about results and "[Elements of a Productive Study Space](#)". Go on a walking tour or a virtual tour to different study space options around campus
